THE BOB GRAHAM ROUND 42 Peaks

Ascent 27000ft

Distance 66 miles

Bob Graham achieved his round of 42 Lake District peaks in 1932. To this day, completion of the round inside 24 hours marks a rite of passage for fell and endurance runners. It remains a stern challenge, accomplished by around 50% of those who attempt it. For Macclesfield Harriers, with its impeccable long-distance pedigree, the "BG" holds a special allure.

To date 61 Harriers have met this challenge out of a total of 2055 completers. Who is going to be next?

Harriers appear in the log for the "<u>Lake District 24 hr record</u>" (an extended Bob Graham). For ladies; Ann Stentiford from 1994 until 2012 with 62 peaks and men; Mark McDermott with 76 peaks from 1988 to 1997 when Mark Hartell added a further peak a record which still stands.
